

I took a walk down to the rail-road yard to see the trains go by; I  
 knew that trains would run this day, but I did not know what time. Good morning Mister  
 railroad man, what time does your train roll by? At nine sixteen and two fortyfour, and  
 twentyfive minutes till five. It's nine sixteen and two fortyfour, and twentyfive minutes till  
 five. I thank you, Mis-ter rail-road man, I want to watch your trains roll by.
